

InfoTip develops and operates IT-based solutions for process optimization in the environment of service and service logistics as well as for the organization and management of large amounts of data. In addition, we offer a wide range of business process outsourcing solutions and provide personnel support to our customers.

Our unique structure offers both: the flexibility of a small business and thanks to our shareholders simultaneously the security of a large-scaled business.

In a nutshell: high flexibility, security and experience, which is easy on the budget.

None of our vacancies was compatible with your needs?

We eagerly anticipate your unsolicited application for one of our locations or your work from home.

What we are looking for:

- Good command of English
- Good communication and social skills
- Pleasure in working in a team
- Sense of responsibility
- Pleasure in familiarizing yourself with complex topics
- The desire to develop yourself

What we offer:

- Latest technologies and methods
- Outstanding future prospects
- Cooperation in international projects
- Possibility to work from home
- A nice and open-minded team
- Many attractive educational options
- Space to implement own ideas
- A productive, pleasant culture

Can you imagine becoming an important part of a team that cares about your personal development as well as that of the company?

Then apply to us and together we 'll find the right job for you!

Please send us your electronic application (e-mail) with meaningful, complete application documents to: hr@infotip.de
